- Business Stationery
- Business Promotional Items
- Holiday Cards
- Thank You Cards
- Wedding/Event Websites

BEFORE YOU INQUIRE

I only take up to 5 custom orders a month, sometimes more and sometimes less. It all depends on the size and complexity of each invitation suite. That is why I like to start my process 6-12 months before you need to send out your invitations to your guest. I can accommodate orders 4 months before your send out date, but you will be limited on the type of materials available to create your dream suite.

My design/production calendar works in order of my clients event dates. So please keep in mind that reserving a spot on the schedule does not mean I will get started right away. All my clients will receive their own timeline.

Everything is custom for my clients and it takes time, so the sooner you book, the better your chances of getting on my design/production calendar!

IMPORTANT DETAILS ABOUT PRICING

All items in the pricing guide above DO NOT include:

- Design fee of \$300
- Tax and shipping cost
- Postage, sealing and mailing of suite (contact me for pricing)
- Physical samples of the custom project under contract

All custom orders require a non-refundable 50% deposit payable by check, Zelle or bank transfer/credit card via our online invoice system.

All orders are subject to NJ Sales Tax of 6.625%.

All orders are put on the schedule once deposit and signed contract are received.

- Typical design and production phase takes 7-12 weeks. Design revisions can take 3 to 5 days.
- Multiple rounds of revisions, client neglect to remain on schedule or a switch in design will increase the overall timeline and may result in a delayed process and completion date.

Final payment is due when print proofs are approved for production. Once payment is received files are then sent to the printers and all assembly supplies are ordered.

CLIENT RESPONSIBILITIES

The client is responsible for reviewing design/print proofs prior to final approval.

- All spelling, layout, grammar, website URLs, phone numbers, addresses, etc must be reviewed and proofed for errors.
- Once you give your final print approval, any items that need to be reprinted due to errors will be invoiced separately

The client understands that due to inconsistencies in monitors, digital photography and production variations, it is not guaranteed that the color client sees on their screen accurately portrays the true color of the product. The finished product may be slightly different than it appears in the preview. Depending on the product a physical proof or color swatches can be provided (contact for pricing and availability).

In the event of cancellation of the agreed upon contract by the client, all deposits paid are non-refundable prior to the production phase. Once everything has gone to print due to the customization of invitations and related stationery items, returns, refunds and exchanges are not offered.
